

Custom belts.

These can be made in 3 styles: D-Ring, Buckle, or Adjustable Buckle Belt.

Producing the ribbon.

Before we can start making any products, we first have to produce the woven ribbon with your design. The more ribbon you order, the cheaper it becomes per metre. You do not have to use all the ribbon in one go. We are happy to hold it in stock for you to call off items as and when you need them.

Delivery time.

It takes approximately 3 to 4 weeks to make the original ribbon. Once we have the ribbon in stock, it takes approximately 3 weeks to make the product.

Ribbon prices (£ Sterling, ex.vat).

The price depends on the length ordered, and the number of colours in the design (including the background colour). Prices shown are per metre.

Price per Metre	2 Colours	3 or 4 Colours	Price per Metre	2 Colours	3 or 4 Colours
10m	5.00	6.00	200m	1.69	1.79
25m	3.60	4.20	300m	1.46	1.53
50m	2.50	2.98	400m	1.27	1.35
100m	2.29	2.49	500m	1.14	1.20

How much ribbon to order?

For calculation purposes, one belt takes approximately 1.4 metres of ribbon, assuming a cross section of sizes in your order.

Product prices (£ Sterling, ex.vat).

Minimum order quantity for any item is 6 (can be mixed sizes for belts).

D-Ring & Buckle Belt sizes are by waist size as follows:

XS-30", S-32", M-34", L-36", XL-38", 2XL-40", 3XL-42", 4XL-44".

Adjustable Belts are the same as buckle belts, but have a slider to adjust the size up to 2XL.

Technical details.

Use the following instructions to achieve the best results when designing your ribbon. Ribbon is 25mm wide. Allow a 30mm gap between the repeat of each design. There should be a 3mm gap at both the top and bottom of the design and the ribbon edge to allow for stitching. For belts, the ribbon is sewn onto the top of 30mm webbing available in navy, white, black, and red.
